FRED

BRACELET SIZE GUIDE

To accurately determine your size, we recommend measuring your wrist rather than using another bracelet.

Here's how:

1. Take a string or ribbon and gently wrap it around your wrist at the fullest part, usually the joint, for a comfortable fit.
2. Using a pen, lightly mark the point where the string or ribbon crosses.
3. Then accurately measure with a ruler in millimeters (preferably).
4. Consult the size chart at the bottom of this page.
5. Select the size corresponding to the circumference of your wrist, to choose the best size for your FRED bracelet.

TOUR OF WRIST	SIZE OF BRACELET LARGE AND XL MODEL
13.5 - 14.5 cm	14 / 1
14.5 - 15.5 cm	15 / 2
15.5 - 16.5 cm	16 / 3
16.5 - 18 cm	17
18 - 19 cm	18
19 - 20 cm	19
19.5 - 21 cm	20

TOUR OF WRIST	SIZE OF BRACELET MEDIUM MODEL
13.5 - 14.5 cm	14 / 1
14.5 - 15.5 cm	15 / 2
15.5 - 16.5 cm	16 / 3
16.5 - 18 cm	17
18 - 19 cm	18

If your measurement corresponds to two sizes, choose the one corresponding to how you like to wear your bracelet.

Example: If your measurement is 14.5, choose 15 for a fuller fit, or choose 14 for a more fitted fit.
